Berky's Transfer Launches New Website – www.BerkysTransfer.com

Fleetwood, PA – [Berky's Transfer and Site Container Service \(Berky's\)](http://www.BerkysTransfer.com) has announced the launch of a new eCommerce website, www.BerkysTransfer.com, to better service the roll-off dumpster rental and trash transfer needs of homeowners and contractors [in Berks County, Pennsylvania](#) and the surrounding Greater Reading and Greater Philadelphia Regions. The new features are too numerous to mention, but according to General Manager, Edgar Centeno, the new website allows users to [order a variety of roll-off containers online](#), anytime. "Online ordering allows us to streamline several detailed processes and affords our customers the ability to not only order dumpsters anytime, but also helps them to manage and track their accounts and orders online."

Along with online dumpster ordering, users can expect to find a lot of useful information on Berky's new website, including: [acceptable dumpster & drop-off materials](#), [rates](#), [recycling information](#), [discounted dumpster rentals](#), [frequently asked questions](#), [LEEDs & Green Advantage](#) information and a plethora of information regarding drop-off debris at Berky's facility in [Fleetwood, PA](#).

Prior to this website launch, Berky's maintained an online presence via its parent corporation, [The H&K Group \(H&K\)](#). According to Marketing Manager, Steven Wagner, "Removing Berky's from underneath The H&K Group's website footprint affords us greater online options. Many of the features we are now able to offer to our customers at [BerkysTransfer.com](http://www.BerkysTransfer.com) would not have been possible under H&K's existing website without intense modifications, and moving Berky's to a standalone website was definitely the best option."
