COMING SOON: NEW ASPHALT PLANT AT H&K'S EASTON QUARRY & ASPHALT FACILITY

Skippack, PA – It's almost here! With favorable weather, H&K Group, Inc.'s (H&K's) Materials Division expects to open its newest and most innovative asphalt facility at [Easton Quarry & Asphalt](#) in late June 2022. This opening date coincides with prime asphalt paving season, and *Easton Asphalt* will soon be the Lehigh Valley Region's go-to supplier for exceptional quality asphalt products.

This new asphalt plant at *Easton Asphalt* will replace an existing asphalt manufacturing system, which has faithfully served the region (with numerous efficiency and production updates) since 1984. Designed to better serve H&K's expanding customer base, this brand-new [Astec Industries, Inc.](#) double drum, 400 ton-per-hour plant with three (3) 300-ton storage silos, on-site laboratory and fully redesigned onsite traffic/infrastructure flow pattern will produce exceptional asphalt with high efficiency and minimal onsite customer wait times. This new facility will operate on clean burning natural gas and propane and also has infrastructure in place for and additional three (3) silos if future demand dictates. Customers can still find *Easton Asphalt* at our existing physical address: *5137 Lower Mud Run Road, Easton, PA 18040*.

H&K's new *Easton Asphalt* facility is also enabled and approved for nighttime operations and will be capable of meeting off-peak and compressed paving schedules if required. Pennsylvania and New Jersey Department of Transportation (PennDOT and NJDOT) approvals are pending and customers are encouraged to contact their Salesperson for confirmation before placing an order.

For additional information regarding products, directions, delivery or any other general inquiries, please contact our knowledgeable Sales staff by calling 610.222.3024 or emailing MaterialsSales@hkgroup.com.

Currently celebrating over a half-century of business excellence, [H&K Group, Inc.](#) provides [heavy civil contracting and construction services](#), [construction and building materials](#) and [associated ancillary services](#) through 85 operations in three states including eastern PA, NJ and DE. To learn more browse hkgroup.com or call 610.584.8500.

Project Photos included.

One of three Astec silos arrives at Easton Asphalt in early March of 2022.

H&K's new Easton Asphalt facility goes vertical with placement of the second 300-Ton silo.
